

## MY HOUSE

My house is in Salamanca road; I live out of the town. It is very big, new and it has two floors and I have a yard very big. It has a kitchen, three bathrooms a living room, a garage, a junk room, a room for my toys and three rooms more. I share my room with my brother. It is very comfortable, beautiful and big. I like the yard because of there I can play calmly with my brother.

Time before I had three fishes and one squirrel, but in this time I have not got any pet. I would like having a swimming- pool in my house. My house and my town are wonderful and all of the members of my family are very happy living here.

## MY TOWN: PARADINAS DE SAN JUAN

Paradinas is a town. Its name comes from Alfonso "El paradinense" because he stopped in this town. It is situated in the province of Salamanca. This town has a population of 650 inhabitants. It is located to 50 km of Salamanca and it is near of Peñaranda of Bracamonte - another town-.

The best place in Paradinas is its beautiful chapel. It has a patron saint, the Virgin whose name is Hinojal, and it has water well with holy water. It has a school too, with 25 pupils, a chemist, a bank, a mill, a health centre, shortly a sport centre, two pubs, a park, two supermarkets and a beautiful church with a retable about the story of Jesus.

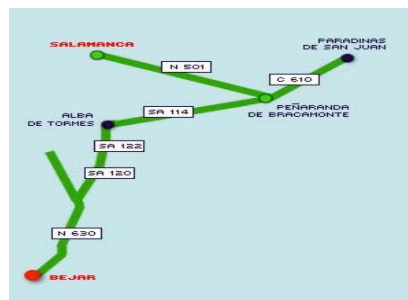

Our pubs are places where you can buy some sweets, drinks something or eat snacks.

Our park has some swings, slide ...But, it has benches and one fronton, too.

In this town, there are big, small and old houses. People live from stockbreeding and from agriculture.

On the other hand, we are near of some towns, such as: Zorita, Rágama, Aldeaseca and Peñaranda de Bracamonte.

The festivities of our town are on 29<sup>th</sup> of June, because of we celebrate Saint Peter and in august we celebrate "the Virgin of Hinojal".

### ALL ABOUT ME

My name is Abel and I live in Paradinas (Salamanca). I have one brother, older than me, and I love playing cards with him. My best friend is Carlos because I am always with him.

On the other hand, I had a pet, a dog. But, actually, I have a tortoise. At the weekends, I sometimes go to Peñaranda to visit my cousin. And, in my free time I like playing football. I like going for a walk, I like going shopping and I love playing with my video game. I do not like playing basketball neither I like dancing. And I hate playing with dolls. About my school, I like it. My favourite subject is Physical education (PE). I think that we should go happily to school because we learn a lot.

## **MY SCHOOL**

My school is located in Paradinas (Salamanca) and it is very beautiful. We are 25 pupils, from 3 to 12 years old and we are close friends. Here we have a friendly atmosphere. There are 5 teachers. They teach Science, maths, language, English...

This school is built of brick walls. It has five classrooms with teaching materials such as a computer, books, and dictionaries...

It has four bathrooms and an office where there is a telephone and bookshelves.

There is a playground too, with grass, some trees and earth. This place is great because of we can play and take exercise. We can play football, but we cannot play basketball because we have not baskets.

Our school is decorated and we think that it is nice. We like coming here!

## **MY FAMILY: DANIEL**

We are four people in my family: my mother, Mari Jose, my father whose name is Daniel, my old sister, María José and me. We live in Rágama (Salamanca- Spain). All of us are from here.

My father is a butcher and he has a farm with animals. His hobbies are the sport and the hunting. He likes football and going for a walk. He has two dogs and he goes with them to hunt on Sundays in autumn and in winter. I love playing tennis with him and going out to somewhere on Sundays while we can watch football.

My mother is a housewife and she is the person in charge of all of us. Her hobbies are watching television and going for a walk with her friends. I love doing my homework with her, I like talking with her too because of she understands me.

My sister studies in Peñaranda secondary school. Her hobbies are listening to music, dancing, going out with her friends and football. I am amazed at her because she always clears up some doubts of my homework although she is not very patient.

I am with all of members of my family, every day I have dinner with my maternal grandparents and with my aunts and my uncles. I like talking with my uncle Edi, because he loves me and I sometimes go with him to walk. Well, all of my family are united.
